

Excellent **biosecurity** is
your **farm's** best **defence**
against a **disease** outbreak.

**Consequential
LOSS TO
SURROUNDING**
farm businesses

**Business
and financial
LOSSES**

**A disease
outbreak on
your farm
can cause:**

**A significant
reputational
IMPACT**

**Prolonged
operational
DOWNTIME**

**Significant
effects on
mental
HEALTH**

**Livetec Systems understand that
an outbreak can happen to anyone.**

Our contingency plans are designed to support you in the worst case scenario, informed by decades of experience in notifiable and non-notifiable disease outbreaks.

Collaborated based on your needs our plans provide easy to follow guidance and checklists to ensure you can return to business as quickly as possible.

How our plans help:

- **Minimise business losses**
- **Reduced operational downtime**
- **Protect your reputation**
- **Increase animal welfare**

Our in-depth plan is acknowledged by insurance underwriters and adopted by Defra and the NFU.

**You cannot afford
for biosecurity to
be an afterthought.**
